The News.

The telegraph is silent in regard to matters at Nashville since yesterday, the point to which all eyes are turned just now. Thomas probably followed up Hood on Saturday and put the finishing touches to his most signal and complete victory. The losses sustained by our forces in the fight on Friday, are 3,000 instead of 300, as at first published.

Stanton's official bulletin of yesterday gives us the latest from Sherman. It will be seen that he proposed to open on the city if not surrendered, as early as Friday last.

Mr. Lincoln disapproves of so much of General Dix's late order as directs pursuit of raiders over the border, and General Dix revokes the same.

A beautiful specimen of British diplomatic neutrality is given in the dispatches from Earl Russell. The London *Times* justly remarks that it will suit neither party and is an insult to both.

The line being down we are without the afternoon dispatches.

The Next Legislature.

The next Legislature meets in Madison on the eleventh of January. The Senate is made up of old and experienced members who are, for the most part, sound and judicious legislators whose advice and counsel will be needed in the coming session as much as ever before. It will be presided over by the grave and dignified Lieut. Governor of Wisconsin; Hon. Wyman Spooner whose age and legislative experience would add to the respectability of any similar body. Chief Clerk Stewart, of Sauk, and Sergeant-at-Arms, Williams of Dane, will most likely be re-elected without serious opposition. They are both excellent officers and attend to their business. As to the political complexion of the body it is so overwhelmingly Union, that the "democracy" cannot furnish men enough for the tail ends of the different standing committees. Sat. Clark, of Dodge, notorious for his copperheadism, will be there to give the last expiring kick of his kind of "democracy" in the State. Fred. Thorp, of Washington, and Wilson, of Milwaukee, will be about the only seconds Sat. will have on the floor. They are so weak in numbers that they will be

"The most numerous."

In the Assembly, the Hon. William W. Field, of Grant county, will be re-elected to the Speakership without opposition. It was very generally conceded last winter that he discharged the duties of that position in a very able and impartial manner, and the present Assembly cannot afford to take any risks in that direction. It will serve itself best by placing Mr. Field in the chair.

As for the Chief Clerkship, Hon. John S. Dean, who has filled that office so admirably since the death of his predecessor, Col. L. H. D. Crane, is again a candidate, as is Col. Calkins who has just left the service. Dean knows the ropes so well that his services will be considered almost indispensable, and Calkins has reported there so long while editing a paper in Madison, that he would take to the clerkship as naturally as a duck takes to the water.

The Colonel has faithfully served his country on the tented field, and has served the Union cause as faithfully upon the stump during the last Presidential campaign. He deserves well at the hands of the Union men.

For Sergeant-at-Arms, there are a multitude of candidates, but as all of them will be "scooped out" except one, we refrain from mentioning names. We know of at least a dozen gentlemen who would be glad to serve their country in that capacity for the next three months. The applicants for place will be larger this winter than ever before, and sore heads will be abundant. We shall be there to see.

The people of Philadelphia have collected the sum of \$30,000, with which they propose to purchase a residence for General Grant. Including this, the presents this favorite has received during the war have cost not less than \$60,000, which fact, perhaps, as well as any other, shows the estimation in which he is held by the American people.

Horace GREENLEY does not succeed in farming. In a recent speech he said, "Twenty-five acres of my farm, or rather of my wife's, is forest, fenced so as to exclude all the grazing animals, and the only part of it which does not cost me more than its revenue."

The ploughmakers of the Northwest had a convention at Chicago last week, at which it was resolved to advance the price of plows twenty per cent.

By the accounts of the recent burial of Gen. Sherman's child at South Bend, Ind., we observe that his family belong to the Catholic Church.

JAMES C. ROBINSON, late defeated candidate for Governor of Illinois, was drafted in Crawford county, of that state, a few days since.

STATE Senator Harris has gone to Washington to urge the passage of the Sturgeon Bay Ship Canal.

State News.

The Irish orator, McDermott, who delivered two lectures in this city recently, advocating the cause of the Fenian Brotherhood; met with some opposition in Beloit. The Journal says that the Catholic priest of that village went to the hall where McDermott proposed a Fenian lecture, and used his influence at the door to prevent his congregation from attending. McDermott attacked the priest in his lecture, and the priest replied at the close, causing considerable excitement. The priest subsequently warned his congregation against attending, but made no further effort to prevent an audience.

Capt. Theodore Reed, son of Professor Reed, of the State University, has been promoted to a Brigade Generalship.

The Monroe Sentinel dresses its columns in mourning in consequence of the death of Geo. W. Tenny, who once edited that paper, and whose body was brought to Monroe for burial on the 13th.

The Watertown Democrat of the 15th represents the pork trade as very active there, slaughtered hogs bringing \$12 to \$13.50 per hundred, according to quality.

A skating club has been organized at Madison, for both ladies and gentlemen.

A good thing to do, any where. The Shilohsburg Local says miners are doing very well in that section. Three or four of the principal leads are paying handsomely. Wood is scarce and high, about \$18 a cord, and the sellers as independent as millionaires.

The Elkhorn Independent quotes the proceedings of the organization of a lecture association there. It suggests the name of Major Robert Harkness of the 10th regiment, for two years an inmate of Southern prisons, as a suitable man for Judge of this circuit.

The Grant County Herald says the taxes of Grant county are as follows: State, \$29,526.20; County, \$17,181.72; School, \$3,063.16. The Waukesha Freeman says the thermometer there in the late cold snap went as low as 23 degrees below zero.

The Whitewater Register notes 23 degrees below zero as the coldest weather there.

The Sentinel mentions the fact that Gen. Starkweather is at home in Milwaukee.

The Beloit Journal says one citizen of that place celebrated his wed-

ding, and another his silver wedding the other night.

Milwaukee is moving to secure, if possible, the establishment of a U. S. Naval Depot at that city.

Letter from Memphis.

Editors Gazette: With the sun shining clearly, a cold

bracing north wind causing us to hug closely our overcoats and shawls, a covering of ice on the sidewalks making walking difficult, in company with a ministerial brother from Northern Illinois I wended my way to the military prison in Irving's block. A Lieutenant accompanying us went up one flight of stairs to the room occupied by the chain gang.

There in a circle around the stove, were ten white men chained down to the floor

some with a chain and ball affixed to one leg, while others were honored with them to each, and one was doubly honored with a pair of iron bracelets on his wrists.

At each end of the room was a guard with the ball rammed home and bayonets affixed, ready for any job, while between one of the guards and the circle was a poor negro also chained to the floor, waiting for four or five days to pass away, when he is to be hurried into eternity by the means of a hangman's rope.

I afterwards visited a Sabbath School for colored people. The scholars varied in years from seven to seventy. The teachers were selected not on account of their wisdom, but their ability to read. A boy of fifteen might be seen standing before a class of six or seven of all ages, he reading aloud from the New Testament, while his class would repeat aloud the same; some with a testament before them pretending to read, while others more honest, drank in the truths by word of mouth and parrot like repeating them. It was so noisy one could hardly think, and yet that was forgotten in seeing the deep interest manifested by all in learning the truths contained in God's word. In complexion they varied from pitchy black, down to blue eyes, straight hair and white skin, with only apparently the very smallest possible amount of negro blood in them.

From the Sabbath School I went to the Naval Hospital, where in going from ward to ward and from cot to cot, talking and praying with the occupants collectively and individually, the day wore away and in darkness we returned to our Christian Commission Home to close up our day's labors, by writing to soldiers' families.

So ends one day's labor of a Christian Commission Delegato in Memphis. C.

The Canadian Government seem to be aroused in some measure to their duty, in the case of the St. Albans raiders, though we fear that they are locking the stable door after the horse has been stolen. The Attorney General has reversed the decision of Justice Counsel, which the leading partners denounce as absurd. He has also ordered the restoration to the St. Albans banks, of the money stolen from them. The Chief of Police of Montreal, who is supposed to be in complicity with the raiders, is under examination before the Council, and warrants for the re-arrest of the raiders have been issued. A little of this energy a few days earlier would have been more effective.

The bankrupt bill passed the House of Representatives by a vote of 76 to 56. Messrs. Brown, Cobb and McIndoe, of this State, voted in the affirmative. Mr. Eldredge voted in the negative, and Mr. Sloan's name don't appear.

It is now thought probable that the Louisiana delegation will be admitted to Congress, as the Committees to whom the matter was referred in the Senate and House will so recommend.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottols are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

*** I have been afflicted many years with severo prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in India told me to try them. I commenced with a small wine-glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could walk and run about with the greatest of ease. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

The priest subsequently warned his congregation against attending, but made no further effort to prevent an audience. Capt. Theodore Reed, son of Professor Reed, of the State University, has been promoted to a Brigade Generalship. — The Monroe Sentinel dresses its columns in mourning in consequence of the death of Geo. W. Tracy, who once edited that paper, and whose body was brought to Monroe for burial on the 14th.

The Watertown Democrat of the 15th represents the pork trade as very active there, slaughtered hogs bringing \$12 to \$13 per hundred, according to quality.

A skating club has been organized at Madison, for both ladies and gentlemen. A good time is to be had by all.

The Shullsburg Local says miners are doing very well in that section. Three or four of the principal leads are paying handsomely. Wood is scarce and high, about \$18 a cord, and the sellers as independent as millionaires. — The Elkton Independent contains the proceedings of the organization of a lecture association there. It suggests the name of Major Robert Harkness of the 10th regiment, for two years an inmate of Southern prisons, as a suitable man for Judge of this circuit.

The Grant County Herald says the taxes of Grant county are as follows: State, \$29,320; County, \$17,181; School, \$3,963. 16. — The Waukesha Freeman says the thermometer there in the late cold snap went as low as 28 degrees below zero.

The Whitewater Register notes 23 degrees below zero as the coldest weather there.

The Sentinel mentions the fact that Gen. Starkweather is at home in Milwaukee. — The Beloit Journal says one citizen of that place celebrated his twi-wedding, and an other his silver wedding the other night. — Milwaukee is moving to secure, if possible, the establishment of a U. S. Naval Depot at that city.

Letter From Memphis.

Editor's Gazette: With the sun shining clearly, a cold bracing north wind causing us to hug closely our overcoats and shawls, a covering of ice on the sidewalks making walking difficult, in company with a ministerial brother from Northern Illinois I wended my way to the military prison in Irving's block. A Lieutenant accompanying us we went up one flight of stairs to the room occupied by the chain gang. There in a circle around the stove, were ten white men chained down to the floor some with a chain and ball affixed to one leg, while others were honored with them to each, and one was doubly honored with a pair of iron bracelets on his wrists. At each end of the room was a guard with the ball rammed home and bayonets affixed, ready for any job, while between one of the guards and the circle was a poor negro also chained to the floor, waiting for four or five days to pass away, when he is to be hurried into eternity by the means of a hangman's rope.

I afterwards visited a Sabbath School for colored people. The scholars varied in years from seven to seventy. The teachers were selected not on account of their wisdom, but their ability to read. A boy of fifteen might be seen standing before a class of six or seven of all ages, he reading aloud from the New Testament, while his class would repeat, along the same; some with a testament before them pretending to read, while others more honest, drank in the truths by word of mouth and parrot like repeating them. It was so noisy one could hardly think, and yet that was forgotten in seeing the deep interest manifested by all in learning the truths contained in God's word. In complexion they varied from pitchy black, down to blue eyes, straight hair and white skin, with only apparently the very smallest possible amount of negro blood in them.

From the Sabbath School I went to the Naval Hospital, where in going from ward to ward and from cot to cot, talking and praying with the occupants collectively and individually, the day wore away and in darkness we returned to our Christian Commission Home to close up our day's labors, by writing to soldiers' families.

So ends one day's labor of a Christian Commission Delegate in Memphis. C. C.

The Canadian Government seem to be aroused in some measure to their duty in the case of the St. Albans raiders, though we fear that they are locking the stable door after the horse has been stolen. The Attorney General has reversed the decision of Justice Coursal, which the leading partners decoune as absurd. He has also ordered the restoration to the St. Albans banks, of the money stolen from them. The Chief of Police of Montreal, who is supposed to be in complicity with the raiders, is under examination before the Council, and warrants for the re-arrest of the raiders have been issued. A little of this energy a few days earlier would have been more effective.

The bankrupt bill passed the House of Representatives by a vote of 75 to 55. Messrs. Brown, Cobb and McIndoe, of this State, voted in the affirmative. Mr. Elbridge voted in the negative, and Mr. Sloan's name don't appear.

It is now thought probable that the Louisiana delegation will be admitted to Congress, as the Committee to whom the matter was referred in the Senate and House will so recommend.

What Emancipation is Doing for Maryland.

The Baltimore American says: The abolition of slavery in Maryland is being attended with the good results the friends of emancipation expected. A steady stream of emigrant, from our sister States, particularly Pennsylvania, is pouring upon us, now that free labor has become a settled fact. In every county in the State, large sales of land have taken place during the past two months, and the purchasers are men who intend to settle in our midst, and who do not purchase for the sake of speculation.

The following, from the *Denton Union*, published in Caroline county, is an indication of the revolution taking place:

Mr. James G. Redden has sold his farm near town, containing near three hundred acres, to Mr. Jacob J. Zook, of Cumberland County, Pennsylvania, for \$9,000. It is a healthy and desirable residence.

Mr. Redden has also sold the "Mansion Farm," formerly the residence of the late Wm. Jones, near Andersontown, to Mr. J. W. Cline, of Cumberland county, Pennsylvania, but at what price we have not learned.

Mr. Redden also sold his Burrisville farm, near the Delaware line, to Mr. Tobias Miller, of Cumberland county, Pennsylvania, containing one hundred acres, for \$3,500.

We have always understood that the land in Caroline is among the poorest in the State, and believe that the prices above specified are remarkably good.
